

Fire Operations in the Wildland Urban Interface

Learn what firefighters learn to protect your home and your community.

August 26, 2017, 9am — 4pm

Time: Registration, coffee and refreshments at 8:30am; the course will start promptly at 9:am

Location: Station 79, 21610 Crestline Road, Palomar Mountain, 92060

The course is free of charge to local residents, representatives of community Fire Safe Councils, and CERT members.

Lunch will be provided. Registration required.

Conducted by: Fire Chief Donald Butz, Lakeside Fire Department

About the training:

- A one day in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's topography, fuels, weather, and the community's Fire Safe condition including the construction of homes.
- The training will include a field trip to selected homes to do a site assessment on lessons learned.
- The day will include discussion about evacuation and survival tips.
- Please register at: www.firesafesdcounty.org
- For more information or help with registration contact the Fire Safe Council of San Diego County at 619-562-0096.

In partnership with:

This workshop is hosted by the Palomar Mountain FSC and administered by a partnership with the Fire Safe Council of San Diego County and the USFS. Funding is provided by the USFS and a National Fire Plan grant from the Cooperative Fire program of the U.S. Forest Service through the Cleveland National Forest. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
